

DON'T CARRY IT TOO FAR

This economizing. Don't wait till you have caught cold, then come and buy that Fall suit or overcoat. Doctors' bills come high and a very nice suit can be bought for \$7.50 and a better one for \$1.00. (Prevention better than cure.)

HOLMES IS FOUND GUILTY.

No Dissent Among the Jurors.

They Waited Only for the Sake of Decency.

The Prisoner Hears the Verdict Without Especial Expression of Surprise.

PHILADELPHIA, Nov. 2.—Henry H. Holmes was convicted of murder in the first degree at 8:50 tonight, for killing Benjamin F. Pletz.

He coughed slightly when he heard the words. That was the only sign. The jury retired to deliberate at 5:40 o'clock this afternoon. According to one of their members they had reached their verdict before the doors of their room closed upon them. For hunger's sake they ate their supper first. Then they took a ballot and without hesitation every man of the twelve answered "Guilty of murder in first degree."

But, however atrocious the crime however fiendish the criminal, it is hard to send a man to the gallows in one minute's time. So, for decency's sake, they talked about the case for seemingly a period of about an hour and a half. Then word was sent into the court that they had agreed. This was at 8:15 o'clock. It took half an hour to get the court in readiness to receive the verdict.

Holmes spoke to his counsel, Rolan and Shoemaker, in the cell room before he was taken back to Moyamensing prison. To them he said: "I feel that this condemned me. It was an unjust trial." He would say no more than that.

Immediately after the verdict the usual application for leave to file a motion for a new trial was made. Judge Arnold fixed the 18th of this month for the hearing. The principal reason urged will be a lack of time for preparation for the defense.

THINKS IT WILL BE WHITNEY.

Senator Proctor of Vermont Talks About Politics.

NEW YORK, Nov. 2.—In an interview at his home at Rutland, Vt., yesterday, Senator Proctor said he did not believe Mr. Cleveland would be renominated.

"William C. Whitney will be the man, in my estimation," Senator Proctor added, "to represent his party next fall. David B. Hill has no chances

with him. But it is difficult to say just at present, and before putting myself on record I wish to wait until the situation clarifies somewhat. The Republican situation is even more doubtful. I have been quoted recently as being a Harrison man. I wish it understood that I neither am or am not for Harrison; in fact I decline to say as for the possibilities there are many. I don't wish to discuss the chances each man has. Colonel New is the better man to see regarding Mr. Harrison's position. Harrison's state will no doubt give him a complimentary vote in the convention, and no doubt the Empire state will go with all its weight for Morton. But it is as yet very uncertain."

Being asked why Senator Edmunds has gone to Philadelphia to live, Mr. Proctor said:

"Merely on account of Miss Edmunds' health. Both Mr. and Mrs. Edmunds make their daughter's health their first care, and they have taken up a temporary residence in Pennsylvania that they may be near the family doctor. If and have said that Mr. Edmunds went there for political reasons they are mistaken, and he is still a Vermonter."

A JURYMEN FIXED.

Fined and Jailed for Soliciting Money From Parties to a Suit.

CHICAGO, Nov. 2.—R. A. Dawson, colored, who claims to be the chief commissioner of the Atlanta exposition for the colored people in Illinois, was today fined \$100 and sentenced to three months in jail for contempt of court. He was charged with soliciting money from one of the parties to a suit in which he was one of the jurymen. He pleaded to be let off with a fine, saying his presence at Atlanta was required, but the court was inexorable.

HE WANTS THE CENTRAL.

John D. Rockefeller May Capture the Railroad.

MILWAUKEE, Nov. 2.—It is reported that John D. Rockefeller, the Standard oil magnate and multi-millionaire, is backing the plan of reorganization of the Wisconsin Central lines, in the hope of ultimately securing full control of the property. There are several good reasons, it is stated, why Mr. Rockefeller is anxious to secure the Central property. He is the owner of the Mesaba range property and he owns the railroad which runs through the range and which he is about to extend to West Superior. With the Central's ferries across Lake Michigan, and its connections at Chicago, it would give him the means necessary to send his ore to all parts of the world, together with the finished product which he would like to manufacture.

DURRANT IS STILL CALM.

Keeps to the Tale of His Innocence.

There Was Nothing in the Case That Moved Him.

General Dickinson Will Demand a New Trial and Then Appeal.

SAN FRANCISCO, Nov. 2.—The calm and confident demeanor of Theodore Durrant continues unaltered, despite his conviction yesterday of the murder of Blanche Lamont.

"This verdict," Durrant said, "does not affect me at all. I felt no different when I heard it delivered than I did before it was delivered and I am just the same today. As a matter of fact there has been nothing in all this case which has moved me in any way and there will be nothing. I do not wish to be understood as saying that I am insensible to feeling, but I know my whole life and just what I have and have not done and the consciousness of my innocence buoy me up."

Attorney John H. Dickinson said today that Durrant's counsel would ask for a new trial and that if Superior Judge Murphy did not grant the application an appeal would be taken to the supreme court of California.

WITH THE BRUISERS.

They Have Agreed to Quit and Leave Arkansas.

LITTLE ROCK, Nov. 2.—"The fight is off and off to stay off," was the remark of a well-known sport tonight. "There will never again be a prize-fight of the old class. The public is hoodwinked and will never again enthrone pugilism."

Fitzsimmons and Julian expressed themselves today as anxious to accept either Brady's proposition of yesterday of the Florida Athletic club's proposition to fight at El Paso. Julian preferred the Texas battle ground, as the \$5,000 forfeit offered would help pay for lost time, he said, in case the fight did not come off. He declared, however, that he would have \$10,000 ready to accept Brady's proposition today if possible.

The case against Fitzsimmons, Julian, Brady and Corbett was dismissed by the court this afternoon on an agreement to leave the state as soon as possible. All the fighters are included and the big fellows will be given a reasonable time to get out. Governor Clarke says he has no intention of driving them out, but it will be a serious thing if the restraining order is violated.

This disposes of almost the last chance to pull off the fight. Brady will agree to nothing unless Julian's \$10,000 is up and there are no signs of its being put up.

Corbett and Brady will leave for New York soon.

DICK WALKER'S RAILROAD.

It Is to Run From Salt Lake City Into Northwestern Utah.

TOPEKA, Kan., Nov. 2.—Colonel Dick Walker has arrived in Topeka from New York and will be at home several days.

Since his retirement from the office of United States marshal Col. Walker has spent most of his time in Utah, where he is interested with an eastern syndicate in a proposed new railroad.

Col. Walker's railroad is to run from Salt Lake City through southwestern Utah and connect with the California roads at some point on the Colorado river. This road will open up some new and rich coalfields. The franchise for the road has been secured and it is to be built at once.

STORAGE BATTERY TRUST.

Philadelphia Capital Has the Pull on All the Bottled Lightning.

PHILADELPHIA, Nov. 2.—A local paper says: The storage battery patents of this country have passed into the control of a trust. The trust's officials here is the Electric Storage Battery company. It is capitalized at \$10,000,000. Its headquarters are in Philadelphia. W. W. Gibbs, of gas trust fame, is its president. The backbone of the trust is the Widener-Elkins-Yerkes combination. Hamilton Disston, the saw manufacturer, is heavily interested in the deal. This combination controls not only the patents of the United States, but has bought the American rights to the Tudor patents, probably the most valuable of the foreign inventions in this line.

LANGTRY AND MODJESKA.

The Suit of the Former Against the Latter Discontinued.

NEW YORK, Nov. 2.—A suit brought by Emily Charlotte Langtry, better known by her stage name of Lily Langtry, against Helena Bozenta Chapowick, known on the stage as

Mrs. Helene Modjeska, has been discontinued by consent. The order of discontinuance was entered in the supreme court chambers today by Judge Patterson. The nature of the suit is not disclosed in the papers.

WAITED LONG ENOUGH.

Indictment Dismissed Against a Defaulting Customs Official.

SAN FRANCISCO, Nov. 2.—D. M. Cashin, ex-deputy collector of the port, who was indicted five years ago for perpetrating customs frauds and who fled to British Columbia, appeared for trial today in the United States district court.

The indictment against him was dismissed on motion of the United States district attorney, who stated the government had not sufficient evidence to convict.

ONE YEAR FOR MURDER.

A Girl Who Kills Her Child Gets Off Easily.

ESCANABA, Mich., Nov. 2.—Hulda Sjonberg pleaded guilty in the circuit court here today to the charge of having murdered her babe, and was sentenced to a term of one year in the Detroit house of correction. The prisoner cannot speak a word of English, and has been in this country about six months.

THEY SHOT TO KILL.

A Savage Shooting Affray at Uniontown, Ala.

BIRMINGHAM, Ala., Nov. 2.—At Uniontown, Ala., today Robert Britton, chief of police, and V. G. Metzger, a prominent merchant, between whom ill-feeling had formerly existed, quarreled about a statement which Metzger was alleged to have made to Britton reflecting on a lively stable keeper and which Britton had communicated to the latter. When Britton acknowledged repeating Metzger's alleged statement Metzger called him a liar. The men came to blows but were separated by friends.

Half an hour later Britton was passing Metzger's store, and the quarrel was reopened. Britton struck at Metzger, when the latter pulled his pistol and shot Britton three times in the body. Just as he was falling Britton got his gun out and fired three shots, one of which entered Metzger's mouth. The latter fired twice more, but without effect. Britton was removed to Metzger's store, where he soon expired.

Metzger is in jail, but is seriously wounded and may die. Both men were leading citizens of Uniontown and leave families.

A GAY DECEIVER.

The Ruse in Love Used by a Hawaiian Royalist.

LONDON, Nov. 2.—The Pall Mall Gazette's correspondent at Rome telegraphs that Baroness Giana Sobrero has obtained a divorce from H. W. Wilcox, the Hawaiian revolutionist, upon the grounds that the latter imposed upon her prior to marriage, by representing that he was heir to the throne of Hawaii, whereas he was the son of a carpenter and a Kanaka woman.

RATES OF CURRENCY.

Express Companies Will Advance Their Carrying Charges.

CHICAGO, Nov. 2.—The announcement was made today that the express companies will advance the rate on carrying currency. The most noticeable change is the rate to New York, which has been raised to 30 cents per \$1,000, and \$1.25 per \$1,000 to St. Louis. The officers of the express companies declare that they cannot handle funds profitably at less than the new rate.

SPORTS AT THE PARK.

Football and Baseball the Principal Events of the Day.

The park will be a decided attraction today for besides a game of baseball, football will be indulged in.

The Phoenix Baseball club will have another go at the south side club. The latter are much chagrined at their defeat last Sunday and during the past week they have strengthened their team and will play for blood today. The local team, however, anticipate no trouble in defeating them.

Manager Dave Goldberg of the Phoenix Baseball association, was circulating a subscription list yesterday amongst the merchants for the purpose of holding a baseball tournament at the park in the latter part of this month. About \$300 was assured and no trouble is anticipated in getting an additional \$300.

The football teams also are going to indulge in a practice game between themselves this afternoon. It may be a practice game, but it will be a strong one, for both teams are working for the superiority and therefore broken heads and gore are apt to be interspersed in the game. The association boys have adopted their cry, which is "Rah! Rah! Rah! Arizona! Phoenix! Phoenix! Zip! Boom! Ah!" With that yell they expect to defeat all teams.

The gun club will probably have a shoot today if the weather is propitious. The experts with the gun and clay pigeons are going to beat their own scores, if such a thing is possible.

KANSANS HOLD REUNION.

A Love Feast at Phoenix Park.

Literary Programme and a Basket Luncheon.

J. E. Price Elected President—The Next Meeting to Be at Tempe.

Kansas was well represented at the Phoenix park yesterday. It was the day set by the former inhabitants of the land of the whirlwind and of corn for a reunion; and a right joyous reunion it was.

About 100 Kansans assembled from Tempe, Mesa and Phoenix for a day of pleasure and to revive stories of the Sunflower state. Those that came brought baskets heavily laden with eatables, for the entire day was to be spent at the park. The morning was devoted to a business meeting of the society and the election of officers for the coming year.

Col. W. S. Hadley generously turned over the pavilion and the park to the society for the day and aided materially in making everything pleasant.

After the business meeting of the morning was over tables were set under the trees and lunch served. The heavily filled baskets provided enough for a small army.

At 2 o'clock in the afternoon a programme was rendered in the pavilion. The exercises were opened by Miss Morris, who sweetly delivered a vocal solo.

Rev. Daniel Kloss, the retiring president of the society, made an address which for the most part was a resume of the growth of the society. He dwelt at length also on the evils of the liquor traffic.

Rev. Kloss' address was followed by a medley, sung by five young ladies, which elicited great applause and was encored.

Rev. Preston McKinney, of the Presbyterian church, delivered an address both logical and humorous. His words created a profound impression.

Miss Anita Yaeger, a beautiful and accomplished young elocutionist, recently from St. Louis, gave a humorous recitation that immediately called for an encore. Three times was the young lady called upon.

Col. W. S. Hadley's vocal solo was rich and pleased his audience immensely. After a few remarks by J. E. Price the reunion was over until another year.

The next reunion will be held at Tempe on the first Saturday in November, 1896.

The following officers were elected for the coming year: J. E. Price, president; G. B. Richmond and B. Vernon, vice-presidents; Dr. Brack, secretary; committee on programme, G. B. Richmond, Miss E. F. Taylor and Mrs. F. A. Hough. The committee on arrangements is composed of J. E. Price, J. W. Miller and Frank Sachs.

AN INDIAN HORSETHIEF.

The Sheriff's Officers on the Track of Several Stolen Horses.

Deputy Sheriff McClarty early yesterday morning captured a one-eyed Yuma Indian in the east end of the city. The Indian had two horses in his possession and was in camp. When the officer approached he grabbed up a revolver that was lying on a log close by. The officer anticipated the movement and pulled down first. The Indian seeing that McClarty had him covered, declared a truce at once.

McClarty recognized at a glance one of the horses in the Indian's possession as one formerly belonging to Frank Fuqua, and which had been stolen a couple of days ago. He questioned the redskin closely in regard to his movements and although the Indian spoke good English, he only gave evasive answers.

McClarty sent to the sheriff's office for two officers, and Deputies George and Slankard responded. He turned over the prisoner to them and himself led the horses back to town.

The Indian volunteered the information that several stolen horses were on the Gila reservation and that he could find them, as well as the thief. The officers accordingly started for the reservation yesterday morning with the Indian as guide. They expect to find several of the horses that have been stolen in this city during the past several weeks.

The officers returned last night from the reservation with the Indian and a horse that was stolen from John Luttinger a week ago. The Indian was placed in jail pending his examination.

MEXICO IS A BIG CITY.

CITY OF MEXICO, Nov. 2.—The census of this city shows 344,377 inhabitants and in the immediate suburbs 146,735, making nearly 500,000. Complaint has been raised by the press that the enumeration is not well taken and the real population of the city is fully 400,000.
